

CURRICULUM VITAE

Name / Surname : **Eleftherios (Lefteris) Angelis**
Father's name : Stavros
Date / Place of birth : 5 / 03 / 1964, Thessaloniki, Greece
Address : 28 Polemiston Str,
55236 Thessaloniki, Greece
Telephones : +30-2310-342062 (home), 2310-998230 (office)
e-mail : lef@csd.auth.gr

STUDIES

- 1986: Bachelor degree in Mathematics, Aristotle University of Thessaloniki
- 1993: PhD diploma thesis in Statistics (Experimental Designs), Department of Mathematics, Aristotle University of Thessaloniki.

ACADEMIC EXPERIENCE

Employment Status	Dates
Associate Professor with specialization: "Statistics and Information Systems", Department of Informatics, Aristotle University	2010-
Assistant Professor, Department of Informatics, Aristotle University	2004-2010
Lecturer, Department of Informatics, Aristotle University	1999 – 2004
Visiting Lecturer, Department of Informatics, Aristotle University	1996 – 1999
Visiting assistant professor, Department of Informatics, Technological Educational Institute of Thessaloniki.	1994 – 1999

TEACHING EXPERIENCE

- Probabilities and Statistics
- Advanced Mathematics (Calculus I and II)
- Computational Mathematics (Numerical Analysis)
- Applied Mathematics (Complex Functions, Differential Equations)
- Discrete Mathematics
- Simulation in Management (Post-graduate in Informatics and Management)
- Research Methodology and Data Analysis (Post-graduate in Informatics and Management)
- Statistical Data Analysis (Post-graduate in Computer Science)
- Supervisor of a large number of undergraduate and postgraduate diploma theses

RESEARCH INTERESTS

- Statistical models, Optimal Experimental Designs, Estimation.
- Statistical methods in software engineering (cost estimation, open source processes, controlled experiments, study of human factor)
- Statistical methods in knowledge discovery from Web data, distributed data bases and biomedical texts
- Statistical methods in simulation – meta-analysis and metamodelling.
- Cryptographic transformation of data
- Statistical analysis of data from surveys and experiments.

SABBATICAL RESEARCH

- Guest researcher in Blekinge Institute of Technology, Sweden, within the framework of BESQ (Blekinge Engineering Software Qualities) research program (2007).

PUBLICATIONS

PhD Dissertation

ANGELIS, L. (1993). Study and construction of optimal block experimental designs. *Department of Mathematics, Aristotle University (In Greek)*

Books

ANGELIS L., BLERIS G. (2003). Discrete Mathematics. *Tziolas Publications (In Greek)*

Journal Publications

- J1.** ANGELIS L., C. MOYSSIADIS (1991). A-optimal incomplete block designs with unequal block sizes for comparing test treatments with a control. *Journal of Statistical Planning and Inference (Elsevier)*, Vol. 28, pp. 353-368.
- J2.** ANGELIS L., S. KAGEYAMA, C. MOYSSIADIS (1993). Methods of constructing A-efficient BTIUB designs. *Utilitas Mathematica (University of Manitoba, Canada)*, Vol. 44, pp. 5-15.

Statistical Methods in Biomedical Text Mining. *Meeting Of The Hellenic Society Of Computational Biology & Bioinformatics, (H.S.C.B.B.) – General Secretariat for Research and Technology-(GSRT) – Coordinators of the ELIXIR project, National Hellenic Research Foundation, March 2009, Athens*
- A14. ANGELIS L. Statistical methods of searching and analyzing information from Web documents. *Invited talk at plenary meeting, 23rd Panhellenic Conference of Statistics. Veria, Greece, 7-11 April 2010.*

FUNDED PROJECTS

- Participation in 22 funded R&D Greek or European projects. Indicatively:
 - MATHIND: Balkan and Eastern European Network of Excellence for the diffusion of mathematics for industry" (IST)
 - Software quality observatory for open source software SQO-OSS. (IST/EU)
 - Free/libre/open source software metrics and benchmarking study. European Commission - Information Society and Media Directorate General.
- Coordinator in 2 Greek projects.

MEMBER OF COMMITTEES - REVIEWER

Reviewer in Journals:

- Communications of ACM
- IEEE Transactions of Software Engineering (IEEE)
- Computing in Science & Engineering (IEEE)
- Data & Knowledge Engineering (Elsevier)
- Empirical Software Engineering (Springer)
- European Journal of Operational Research (Elsevier)
- Information and Software Technology (Elsevier).
- Information Sciences (Elsevier)
- Journal of Computer Science and Technology (Springer)
- Journal of Systems and Software (Elsevier)
- International Journal of Computer Applications in Technology (InderScience)
- International Journal on Software Engineering and Knowledge Engineering (World Scientific)
- Simulation Modelling Practice and Theory (Elsevier)

- Cryptologia (Taylor & Francis)
- Autosoft Journal (Autosoft press)
- ACM Computing reviews

Member of Committees / Reviewer in Conferences:

- MII 2003: 1st International Conference on Mathematics and Informatics for Industry. *Member of the organizing committee.*
- 1st International Workshop on Clustering Information over the Web: ClustWeb 2004. *Member of the program committee.*
- International Conference on Cooperative Information Systems: CoopIS 2004, 2005. *Member of the program committee.*
- International Conference of Information Resources Management Association (IRMA 2005). *Member of the program committee.*
- International Workshop on Challenges in Web Information Retrieval and Integration (WIRI 2005, 2006). *Member of the program committee.*
- International Association for Development of the Information Society (IADIS) Conferences 2004-2009. *Member of the program committee.*
- Pan-Hellenic Conference on Informatics (PCI 2008, 2009) *Member of the program committee.*
- Artificial Intelligence Techniques in Software Engineering Workshop (AISEW 2008, 2009). *Member of the program committee.*
- Hawaii International Conference on System Sciences (HICSS-42/2009). *Reviewer*
- International Conference on Computer Engineering & Systems (ICCES'08). *Reviewer.*
- International Congress on Pervasive Computing and Management (ICPCM 2008). *Reviewer.*
- Conference on Software Engineering Research and Practice in Sweden (SERPS'08). *Member of the program committee.*
- International Symposium on Programming and Systems (ISPS 2009). *Member of the program committee.*
- International Symposium on Empirical Software Engineering and Measurement (ESEM 2009). *Member of the program committee.*
- EUROMICRO Conference on Software Engineering and Advanced Applications (SEAA 2009). *Member of the program committee.*
- IEEE Symposium on Industrial Electronics and Applications (ISIEA 2009). *Member of the program committee.*
- 22nd Panhellenic conference in Statistics. *Reviewer*
- Predictive Models in Software Engineering (PROMISE 2010). *Member of the program committee.*
- 7th International Conference on the Quality of Information and Communications Technology (QUATIC2010). *Member of the program committee in track "Quality in Agile Methods"*

SUPERVISOR OF PhD STUDENTS

Completed Dissertations

1. Panagiotis Sentas: "Statistical models for analysis and estimation of software project management data" (2007)
2. Theodosios Theodosiou: "Statistical methods for multivariate analysis of data from biological texts and ontologies" (2008).

3. Nikolaos Mittas: “Statistical and computational methods for development, improvement and comparison of software cost estimation models” (2009)

Ongoing Dissertations

1. Anakreon Mentis: “Methods for reliable software”
2. Panagiota Chatzipetrou: “Statistical methods in the quality of Information Systems”
3. Dimitris Liparas: “Multivariate statistical methods of classification”
4. Makrina Viola Kosti: “Multivariate statistical methods of prediction”
